

Impulse Control for your Puppy: Teach Calmness & Patience with Positive Reinforcement.

Impulse Control for your Puppy.

Teach Impulse Control using Positive Reinforcement Training.

What is Impulse Control in Puppies?

Impulse control for your puppy develops the ability to pause and think before acting on instinct. This essential skill helps puppies stay calm around distractions, avoid unwanted behaviors, and make better choices – all without using punishment.

Teaching impulse control supports your puppy's emotional development and lays the groundwork for polite, well-mannered behavior throughout life.

Common signs of poor impulse control in puppies:

- Jumping on people
- Barking or whining for attention
- Stealing food or toys
- Pulling on the lead

- Ignoring recall
- Bolting through doors

Why Impulse Control Is Important for Your Puppy

Impulse control is more than just a trick – it's a core life skill. Teaching your puppy how to regulate their behavior helps them feel calmer, more confident, and better equipped to handle real-life situations.

Benefits of Teaching Your Puppy Impulse Control:

- ☐ Encourages calm behavior
- ☐ Improves focus and attention
- ☐ Prevents common behavior problems
- ☐ Builds emotional resilience
- ☐ Promotes safety in public and at home
- ☐ Strengthens the bond between you and your dog

When to Start Teaching Impulse Control?

Start as early as 8 weeks old! Puppies are learning all the time, and the earlier you begin teaching calm, controlled behaviors, the easier it is for them to develop strong habits.

Even older puppies or rescue dogs can learn impulse control – it's never too late to start.

7 Simple Exercises to Teach Your Puppy Impulse Control

These puppy training exercises are force-free and based on positive reinforcement. Always reward calm behavior, and avoid punishment – we want your puppy to *choose* calmness because it feels good!

1. 🐾 Wait for the Bowl

A fantastic way to teach patience before eating.

Steps:

1. Hold the food bowl up high.
2. Wait for your puppy to stop jumping or fussing.
3. Lower the bowl slowly. If they move, lift it again.
4. When they remain calm, set the bowl down and release with “OK!”

Tip: Gradually build up the waiting time. This sets the tone for *calm earns rewards*.

2. 🐾🐾 Hand Targeting with Distractions

Teach your puppy to focus on you instead of the environment.

Steps:

1. Offer your hand palm-out.
2. Reward your puppy for touching your hand with their nose.
3. Add distractions (toys, movement) and ask for a longer touch.

Why it works: Builds focus and discourages scattered or impulsive behavior.

3. 🐾 “It’s Yer Choice” Game (Food Manners)

This game teaches your puppy that resisting temptation brings reward.

Steps:

1. Present a closed fist with treats.
2. If your puppy licks or paws, wait silently.
3. When they back off, open your hand.
4. Only allow them to take the treat when you say “take it.”

Skill developed: Self-control around high-value items.

4. ☐ Leave It Command

An essential life skill – from food scraps on walks to wildlife!

Steps:

1. Show your puppy a treat in a closed fist.
2. Say “Leave it” and wait.
3. When they stop trying, reward from the *other* hand.
4. Build up to treats on the floor, toys, or distractions in public.

Pro tip: Make it fun! Praise enthusiastically when they succeed.

5. ☐☐ Mat or “Place” Training

Help your puppy settle calmly during busy times.

Steps:

1. Guide your puppy onto a mat or dog bed.
2. Reward them for all four paws on the mat.
3. Gradually increase how long they stay.

4. Introduce distractions like the doorbell or people entering.

Use a release cue like “free” to end the exercise.

6. ☐ Calm Greetings

Jumping up is an impulse issue! Teach your puppy calm greetings from day one.

Steps:

1. Ignore your puppy if they jump (no eye contact or talking).
2. Reward when all four paws are on the floor.
3. Ask visitors to do the same.
4. Cue “sit” if needed to help them succeed.

Tip: Calm greetings prevent future problems with guests, children, and other dogs.

7. ☐ Loose Lead Walking

Impulse control is key to polite leash behavior!

Steps:

1. Reward your puppy when they walk beside you.
2. Stop moving if they pull.
3. Wait for the lead to loosen, then move again.
4. Use attention cues like “watch me” to keep focus.

This takes time but teaches your pup that pulling doesn't get them where they want to go.

How to Build Impulse Control Over Time

Think of impulse control like a muscle – it needs repetition and consistency to grow stronger.

Tips for success:

- □ Start in calm, low-distraction environments
- □ Keep sessions short (3–5 minutes)
- □ Always reward calm choices
- □ Avoid using corrections or punishment
- □ Use real-life opportunities (mealtimes, walks, play)

Common Challenges & How to Overcome Them

“My puppy can't stay still!”

Start with easy wins – like waiting for a treat or a toy. Build up to longer duration or more distractions.

“They were doing well but now they're regressing.”

Totally normal! Puppies go through developmental phases. Be patient and consistent.

“Should I say ‘no’ or correct them?”

No need. Use redirection and reinforcement. Let the environment teach them: “calm = reward, pushy = no reward.”

Everyday Situations Where Impulse Control Helps

- Waiting at the front door before going outside

- Sitting politely when visitors arrive
- Walking calmly past other dogs or people
- Waiting for food without jumping
- Listening to recall even when excited

The goal? A puppy who *thinks* before reacting.

Final Thoughts: Reward the Calm, Not Just the Cute

Impulse control is the foundation of a happy, balanced puppy. It allows them to navigate the world with patience, trust, and confidence. With kind guidance, consistency, and reinforcement, your puppy will learn that good things come to those who wait.
